New Business: Leroy Sublaski from the Wisconsin Department of Commerce questioned the group as to whether they plan to open the Spring Updates session to include dwelling contractor qualifiers. He pointed out that the bill creating the qualifier license encouraged "mixed" continuing education sessions of qualifiers and inspectors. Leroy further reported that the Southeast and South West inspector associations have included qualifiers in their update sessions with Southeast adding a second set of sessions one week after their traditional date. President Mike Miller questioned the group as to their thoughts on this, but first felt that we should check with Rock Gardens as to capacity for the areas utilized by the group. Gary Klinka, the program registration coordinator, will check on this, and report his findings the group at the September 2008 meeting.
