An overview of the day's planned group inspections training was presented. The membership broke up into three separate groups with each group visiting two job sites for a rough-in inspection and a final inspection. Each group did this for two separate trades in the morning session.

The groups reconvened for lunch at the Community Center @ 12:30PM. At 1:00PM the groups went out for an additional pair of site inspections. The membership gathered at the Community Center at 2:00PM and a general discussion and review of the inspections was held. The meeting was adjourned at 2:30PM.
